

WILLIAMS RANCH

PRESERVE DETAILS

Williams Ranch is a quiet property that sits on the St. Vrain River just west of Lyons, CO, a convenient 50 minute drive from Denver. This stretch of water is broken into two beats, an A.M. Beat and a P.M. Beat, that are full of rainbows that range from 15-17 inches. Williams Ranch provides an opportunity to hone in your skills and enjoy a peaceful day of fly fishing. This is a great preserve to bring out those 3 weight rods and work on delicate presentations with small caddis and stimulators to bring these spooky wild trout to the surface.

HATCH INFORMATION

April-June: Black Stonefly #18, Micro Black Midge #26, Blue Winged Olive #18, and Tan Caddis #16 (late June).

June-August: Terrestrials, Brown Caddis #14-18 and Stimulators in all sizes.

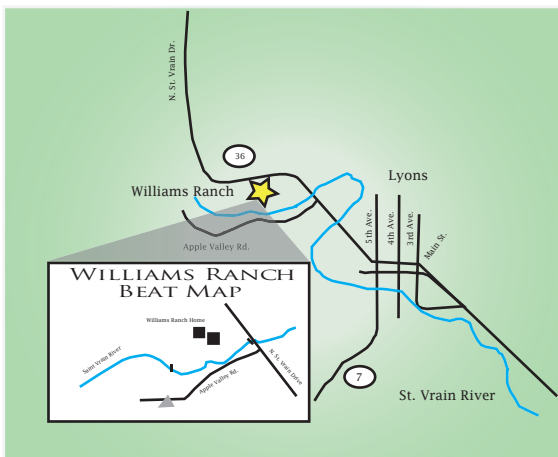

Sept.-Winter: Small Blue Winged Olive #22, Pale Morning Dun #18, and Mahogany Dun #18.
